Subject: RE: release of the Allied LF FS

Joan,
The FS has not yet been released. We have incorporated Rick's edits and the document is ready. We are waiting for the go ahead from Rick. We will send out a factsheet on the FS prior to the release. We (the program) are done with our edits. Community involvement is formatting it and putting the finishing touches on it. The formatting will be done by early next week.
Michael

Subject: release of the Allied LF FS

I was not at the BC meeting this morning, but Tom reported back to me that there is interest on the RA's part in not releasing the Allied LF FS until Jan 1st. What is the status of the FS release? My understanding is that it is released already.
